RECOMMENDATION:	Decanting! A lot of well-balanced fruitiness develops through air contact.

THE SPECIALTY OF VELIS VINEYARDS' WINES:

The vineyards of Velis Vineyards are located in the Upper Thracian valley of Bulgaria. As a result, the grapes benefit from a continental climate with hot daytime temperatures and cool nights. As a result, the aromas can develop particularly while the acid is retained. All grapes are picked by hand. The maturing of Heaven's Door wines usually takes place in stainless steel. The goal of the Heaven's Door wines is to give the consumer a high drinking pleasure with a pleasant drinking flow. The Heaven's Door with the light blue label is a wine ,made in Bulgaria'.
